

Setting the Standards

QUALITY POLICY

The Quality Policy of Stormking Plastics is to:

Provide products and services that: exceed the requirements & expectations of our customers & conform to regulatory requirements.

Operate a Quality System based upon continuous improvement and the avoidance rather than detection of problems. Compliance with all processes & procedures which form the system is mandatory within Stormking.

Generate data to measure company performance, and use these to produce improvement targets throughout the company.

Regularly review all operations to identify areas where quality objectives can be set in order to quantify and facilitate required improvements.

Adopt a team approach to all activities within the organisation

The Quality Manager is responsible for the operation of the Quality Management System, and has the authority to ensure its effectiveness.

This quality policy statement is displayed on company noticeboards, and a copy is given to new employees. It is reviewed annually, and updated as appropriate.
